

Magnetostrictive Displacement Sensor

AKWY-CZ-XH200

AEX | 200 mm

TECHNICAL DATA

Effective measuring area	200 mm
Supply voltage	15-24 VDC
Output signal	2-wire current, 4-20 mA DC (low power)
Linear accuracy	±1 mm
Hysteresis	Better than 0.002% FS
Resolution	1 mm
Operating temperature	-40°C to 85°C
Enclosure protection	IP65
Output load	≤500 Ω

This sheet summarizes specifications; it is not an installation, wiring or safety manual.
